

North Dandy News

Term 2 Week 6

25th May 2026

From the Principal

It has been another positive and productive fortnight at North Dandalup Primary School, with students continuing to demonstrate excellent engagement in their learning and a strong sense of community spirit across the school. It has been wonderful to see classrooms full of enthusiasm, students supporting one another, and staff continuing to provide high quality learning opportunities for all children.

Last week we were pleased to celebrate both P&C Day and Walk Safely to School Day. P&C Day provided a fantastic opportunity to acknowledge and thank our hardworking P&C members for the time, energy, and support they provide to our school community throughout the year. Their efforts make a significant difference to the opportunities available for our students, and we are incredibly fortunate to have such a dedicated group supporting our school. Pictured below is a snapshot of the fantastic Mother's Day event that was put on last week.

Walk Safely to School Day was also a great success, with many students and families participating. It was wonderful to see students enjoying the opportunity to walk, and connect with friends before school while promoting healthy and active lifestyles. Thank you to Mrs Maddern for organising, and our staff for taking part along with our students. Thank you, as always, for your continued support of our school. The strong partnership between our staff, families, and wider community continues to make North Dandalup Primary School a positive and supportive place for all students to learn and thrive

On 18th June, our families will also have the opportunity to engage with an upcoming parent webinar through The Resilience Project. The webinar is pitched at our parents and carers of younger students, but is applicable for our whole school community. The link directly below is to register, and some further information is included later in the newsletter.

This week I'll finish with a 'dad joke' that absolutely bombed with our kids this week, but I hope will land with our parents and carers. I pointed to some equipment in our playground (pictured here) and asked 'Hey guys, why isn't this guy joining in the game?' When their faces looked puzzled, I added, 'He's too tired!!'

Rise and shine, North Dandy! 😊

Dear Families,

As part of our 2026 partnership with The Resilience Project, you are invited to attend a **Parenting with ACE** online presentation with Hugh van Cuylenburg on **Thursday 18th June, 4.30pm-5.30pm (60 minutes)**.

[REGISTER HERE](#)

*Please note that the webinar will include parents and carers from The Resilience Project's other partnership services.

About the presentation

The biggest impact happens when we work together. This one hour session combines cutting edge research with candid storytelling to help parents and carers understand the benefits of Authenticity, Connection and Self Esteem (ACE), and how it can support you and your child(ren). Hugh will explore topics and provide tips and strategies to you as parents and carers to help your child(ren) build strong relationships, strengthen self esteem and grow into their authentic self.

Will it be recorded?

Yes, and the recording will be sent to your child's early childhood service for distribution to families.

For more information about Hugh van Cuylenburg or the wider TRP team, check out our [about page](#). If you would like any further information about The Resilience Project, details can be found on the [website](#).

TREE PLANTING IN NORTH DANDALUP - YEARS P-6

In partnership with The Men of the Trees and The Shire of Murray we will participate in tree planting on Thursday the 4th of June at the back of the town oval in North Dandalup. We will be planting understory shrubs to create shelter for wildlife with a focus on providing food for our black cockatoos.

All students in Pre-Primary to Years 6 will participate with a yummy morning tea prepared by our environment cooking class and a yummy sausage sizzle lunch and juice provided by our fantastic P & C association.

There is no cost for this excursion.

FREE online parenting program with clinician support

Participate in a research study for parents/caregivers

Families can participate from anywhere in Western Australia

HOW DO I GET INVOLVED?

To find out more information

✉ gma.impact@sydney.edu.au

OR

☎ 0478 242 280

Who can participate?

- Parents/caregivers (fathers, mothers, grandparents, foster and kinship carers) of children and young people aged 3 to 16 years and 11 months who live in Western Australia (WA)

What is the study about?

- This study is called Improving Mental Health Pathways and Access to Child and Youth Treatments (IMPACT). Families will be offered a lower intensity intervention that consists of:
 - A self-directed, evidenced based online parenting program to help parents manage their child or teenagers challenging behaviours
 - Fortnightly check in sessions with a clinician, delivered via Telehealth
- All families taking part in the study will complete measures about their child and family before and after the program, and again after three months, and additional measures before and during every check in session
- This study examines whether this model of care can effectively reduce wait times and improve service access and engagement for families across WA

What does the parenting program involve?

- The initial lower intensity program includes 6 core online modules and five, 30-minute, fortnightly sessions with a clinician completed over 8 weeks
